# OUR SERVICES

## Access Control

In the current security situation, it is very important to control the flow of people entering your premises. We provide the following services malls, residential areas and hospitals:

- 24-hour Patrolling services
- Scanning drivers licences & vehicle licence disks
- Biometric access control
- Alarm monitoring
- Electric fence monitoring
- Panic button devices
- Firefighting services

## Asset Protection/Escorting

Every Security guard accepting asset protection order is properly trained and equipped to fulfil each task in an appropriate and satisfactory manner.

This includes:

- Regularly monitoring assets
- Ensuring that they have not been accessed by unwanted individuals

## Retail

Every store wants to create a secure and safe environment for its customers to have a pleasant shopping experience in which S1 Security Services can assist you with. We can utilise our guard monitoring system to ensure the highlighted potential risk areas in your store are being monitored at all times.

Our guards are fully equipped with tools to:

- Deter theft
- Vandalism
- Shop lifting

## VIP Services

S1 Security Guards are highly trained to provide bodyguard services for close protection to:

- VIP's
- Individuals
- Families, groups or anyone who may be at risk

This can be an obvious overt security presence or we can provide a discreet and covert operation depending on your needs.

### **Armed Response**

Our armed response vehicles are equipped with GPS satellite tracking devices so the Controllers in our control room can easily dispatch the nearest vehicle during emergencies. We hold our armed security officers to the highest level of standards. These officers must possess a minimum of two years security experience and successfully complete a firearms qualification program annually.

### **Surveillance/Alarm systems**

Our CCTV systems are a perfect way of enhancing your home or business security. It allows you to keep a watchful eye on the comings and goings of your property. Our alarms are fitted by manufacturer trained specialist engineers. We have systems specifically for the commercial market and all our systems are easy to operate and boast impressive features for keeping your business secure. We aim to do all our installations within 5 days of alarm order. And for your peace of mind, all our installations come with a warranty.

# OUR CLIENTS

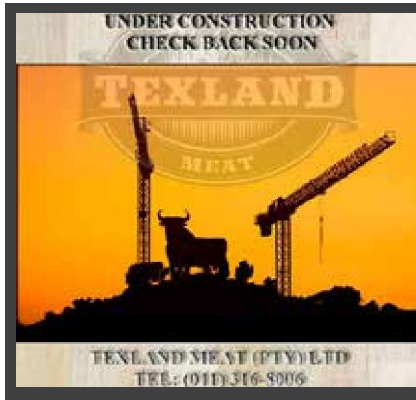

With us you are Number One

# OUR CLIENTS (continued)

We take pride in our ability to exceed our client's expectations and surpass the services of our competition. With each new account, we create specific post orders with the development of an in house training program for each officer on your location.

Within the first week of signing a contract with POWER TRANS IMPORT & EXPORT you will see an influx in communication as we put forth the effort to get all items in order prior to start date. With an entire transition plan there will not be one item overlooked.

We look forward to showing you how we have created and maintained such a well known and professional reputation. As you know it was not done overnight, but through years of continuous growth and adaptation to both the security market and our client's expectations.
